

# What do you like with the current development review process?

need traffic calming  
needs more protection  
village unique standards  
thorough  
village conservation over  
lola availability of info  
available resources  
more resource protection  
recognize rhvs  
written procedures  
creation of hist district  
some protections in vcod  
recognize rhv  
creation of historic dist  
hearings where available  
add historic districts  
additions to vcod

# What do you dislike with the current development review process?

# What do you like with the current zoning districts?

expand vcod  
some apply  
does not have resource pr  
allows too much deviation  
historic districts  
adapt rec zoning  
historic district  
some protection in vcod  
vcod potential  
village protection  
creation of hist district  
protect water resources  
historic district guides  
village unique standards

# What do you dislike with the current zoning districts?

# What do you like with the current environmental overlays?

some protection  
better than nothings  
their inclusion protection resources  
allow greater protection  
overlays exist - limited  
steep slopes allow unique standards  
protections provided  
good-if enforced love all overlays  
mountain overlay
