

## "Problems with Permits" Primer

Executive Committee Briefing: April 11, 2018

County Senior Staff Presentation: May 14, 2018

**Enforcement/Inter-departmental Communications: April 14, 2021** 

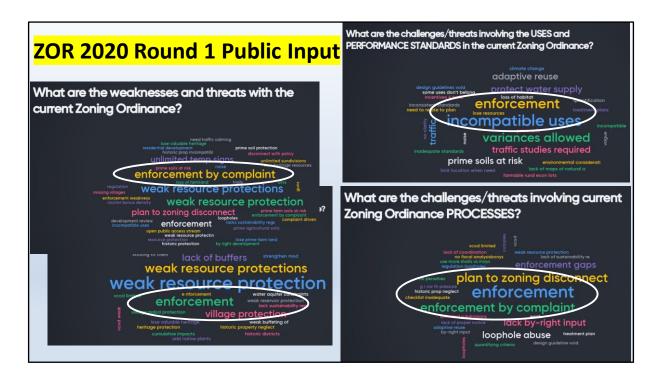

This effort began as a consulting case study\* in 2017, which included primary research of county documents, interviews with County Staff and consultations with residents and businesses. The case study was focused on the Rural Policy Area, however, a number of findings apply to all areas of the County.

The findings were first presented to County Administrator Hemstreet and Deputy Administrator Yudd and the Zoning Ordinance Action Group (ZOAG) in March/April 2018, with a request to review with County Senior Staff the following month.

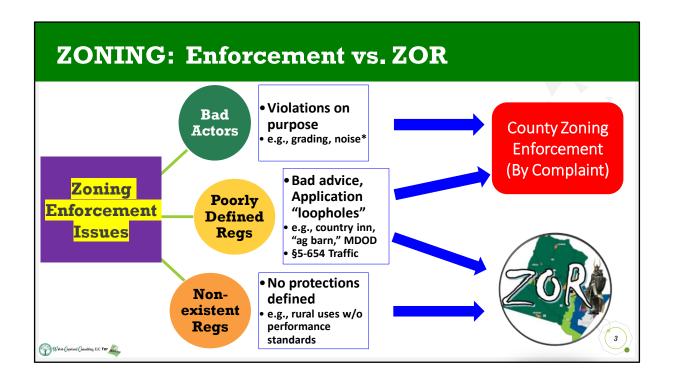

The case overview was updated in 2021, with a revised discussion with senior county administration and new assistance county administrators.

<sup>\*</sup> Walsh-Copeland Consulting, LLC

By far, the most often referenced comment made during Zoning Ordinance Rewrite (ZOR) ublic Input Round 1 (2020) and Round 2 (2021) was "Enforcement by complaint."

Enforcement by complaint was referenced by residents/individuals, organizations and businesses.

### **Types of Zoning Enforcement Issues:**

Not all zoning enforcement issues are the same. It is important to understand the difference between types of enforcement issues and how they can be managed or addressed.

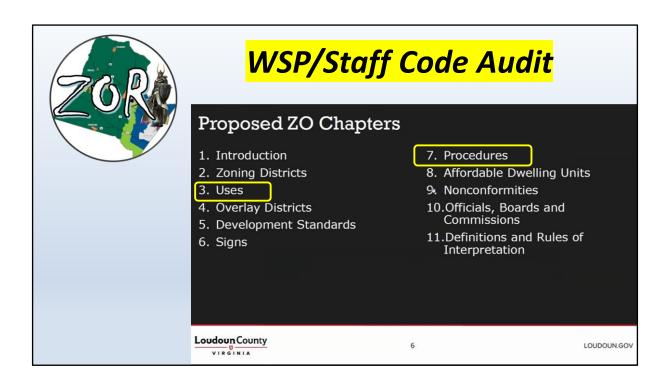

## **Categories:**

- -- "Bad actors" ignoring or violating zoning, requiring county zoning enforcement action.
- -- <u>Poorly Defined Regulations</u> can enable "loopholes" and/or poor monitoring or protection. The latter may require clarification or strengthening in the Zoning Ordinance Rewrite (ZOR).
- -- Non-existent and/or inconsistent regulations and lack of performance standards also cause complaints, which can be addressed via the ZOR.

CHAPTER	WHO	COMMENT/QUESTION	STAFF/CONSULTANT RESPONSE
Procedures	Walsh- Copeland	Favorite quotations: "A zoning ordinance is not just a document — it is a process," and "The zoning ordinance should make the right things easy." They may be the best justifications to update internal processes (e.g., checklists) where possible NOW.	Noted.
Procedures	Walsh- Copeland	Fix the zoning performance standards, checklists, process and procedures during ZOR and it's predicted Zoning Enforcement complaints will be significantly less.	Noted.
Procedures	Walsh- Copeland	The County is working to improve trouble ticket entry, tracking, notification and reporting via enerGov. What is the timeframe for implementation? Will there be any interface with enCodePlus?	enCodePlus will codify the Zoning Ordinance, but is not an enforcement tracking application. The latest timeframe for completion of EnerGov is August 2022, subject to change.
Procedures	Walsh- Copeland	Did the Consultant's project scope include reviewing the ZOR Round One Public Input from LCPCC, REDC, FRBM, SRL and a number of other sources that provide requests for design changes and more input rather than by-right, administrative approval?	Yes, these were reviewed. Design changes and public input can occur through the application of new zoning districts and special exceptions, along with neighborhood meeting processes.
Procedures	Walsh- Copeland	Learn from zoning complaints/tickets that document instances of taking advantage of poorly defined regulations and non-existent/inconsistent/missing regulations, processe or procedures.	Zoning Enforcement staff are participating on the internal team of ZO Rewrite drafters to offer insight along these lines. We are also open to reviewing other specific instances community members want to point out.
Procedures	Walsh- Copeland	Support for the ZO requiring neighborhood meetings, integrating flowcharts identifying decision-making authority and notice requirements, workflows on general procedures, and stronger checklists.	Noted.

The ZOR consultants (WSP) Code Audit confirmed the need to LEARN from zoning complaints and review community input to determine how to mitigate and/or prevent zoning complaints.

County ZOR Staff indicated there were/are "open to reviewing other specific instances community members want to point out."

Review of the poorly defined and missing/inconsistent performance standards will be needed to complete

Chapter 3: USES and

Chapter 7: PROCEDURES that outlines the enforcement procedures and penalties.

# "Problems with Permits" Primer

County Senior Staff Presentation May 14, 2018

The original case study review with County Senior Staff was conducted before Assistant County Administrator Turner's and Spell's time.

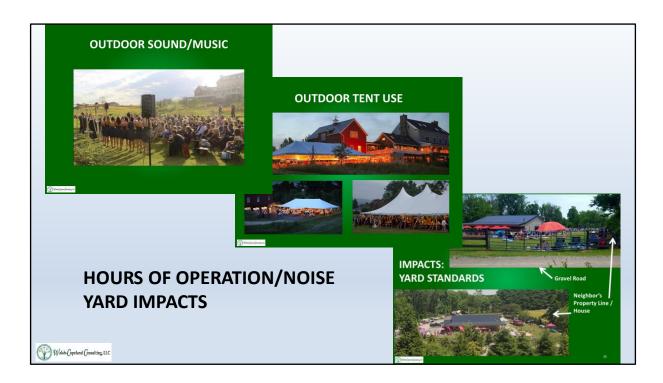

A brief synopsis follows.

A key conclusion of the case study was that both Zoning Inconsistency (inconsistent performance standards between similar uses &/or Non-existent performance standards)
Plus Location/Intensity impacts (noise, traffic & enforcement) were the primary factors impacting quality of life.

In 2018 a Comparison Analysis of Uses was done -- Each empty red box shows where there is a <u>lack of zoning consistency between uses.</u>

Instruction from County Staff in 2018: "Wait for the new Zoning Ordinance" to address.

County Senior Staff and ZOAG learned the TYPES OF IMPACTS that caused complaints.

Issues were framed according to the ZONING REGULATIONS and performance standards applied to Uses (not directed to any specific "high-intensity" use).

Examples of noise and lighting to be addressed in ZOR Chapter 5.08, Performance Standards.

Yard standards are part of Chapter 6 – Use specific standards – WHEN THEY EXIST for a use.

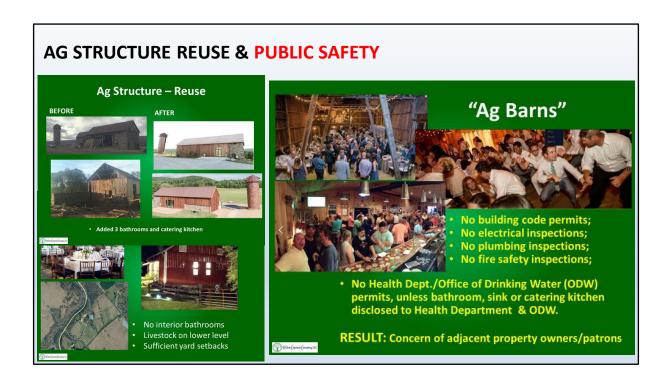

(If no Use Specific Standards are defined, then Zoning Enforcement cannot take action.)

**Examples of parking issues (to be addressed in ZOR Chapter 5)** 

Example of an <u>unintended abuse</u> and impacts of permit applications for an "ag barn" that was subsequently changed to a high-intensity use in a residential neighborhood.

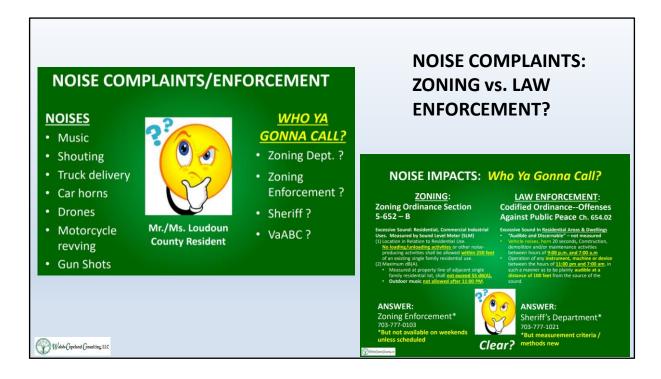

Adaptive reuse can help monetize an existing structure.

However, other "ag barn" use – without requirements for building code permits, electrical inspections, plumbing inspections, fire safety inspections, water and septic compliance – may be a public safety issue for both adjacent property owners and patrons of the use.

Enforcement complaints have also been raised related to whether a property is in compliance with a conservation easement.

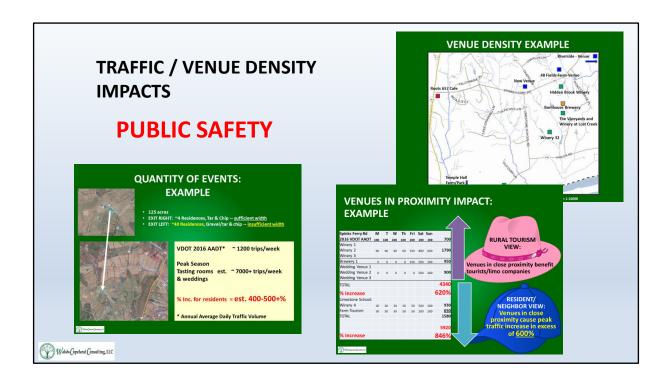

There is significant confusion regarding two Noise Ordinances:

- Zoning noise ordinance and performance standards (Section 5-652-B)
   Versus
- Codified ordinance offenses against public peace (Ch. 654.02)

It is not clear to residents how to address types of noise complaints

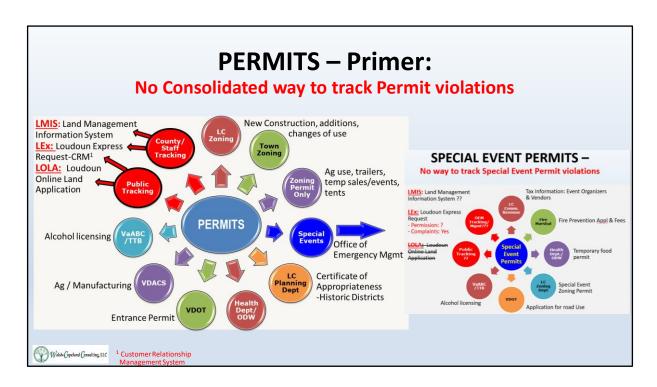

- Whom they should call (Sheriff? County Zoning Enforcement?)
- Which organization performs enforcement for what noise type (Sheriff or Zoning Enforcement)?
- How and what is used to performs noise measurements?
- When enforcement will come out (Sheriff when called, Zoning with an appointment)?

Clarification for noise complaints should be addressed in the Zoning Ordinance Rewrite.

The original 2017 case study demonstrated how to quantify the traffic impacts of multiple uses/venues on a property and in proximity to one another.

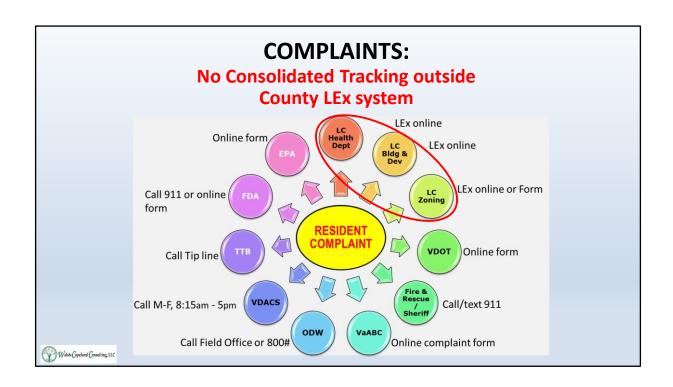

The quantification shows that review of uses one parcel at a time does not take into consideration the overall traffic impacts to area residents and businesses.

What many residents and businesses don't know is the volume of Permit applications that are left up to the business/requestor.

Many residents and businesses file permits appropriately, others do not file permits because they are unaware of which are required.

What is also known by County Staff are the "permit side-steppers" who intentionally avoid the "roulette."

Similarly, Residents must figure out whom to call to log a complaint.

Only a small subset of all complaints are entered into Loudoun Express Request (LEx) for tracking & resolution.

## **COMPLAINTS: 2021 UPDATE**

**STILL** Not Tracked; **STILL** Discretionary Reporting

#### **NOT TRACKED:**

#### Letters/emails to

- BOS
- Planning Commission
- State elected officials
- State Agencies
- Federal elected officials
- Federal Agencies
- Social Media/News

#### **INCOMPLETE TRACKING\***

- · Calls to Sheriff
- Virginia ABC
- \* Not all complaints reported on public reports. Discretion and plea bargaining impact incident reports.

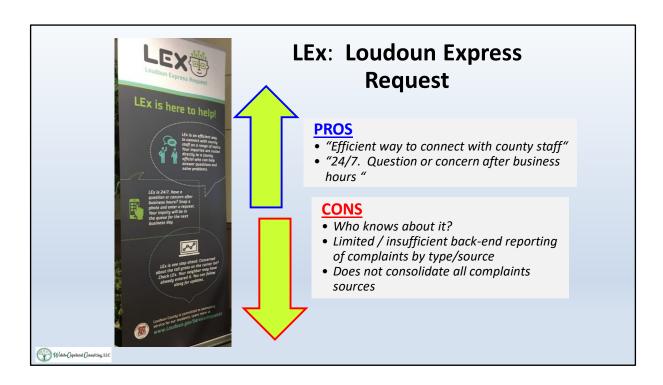

**RESULT:** TOTAL COMPLAINTS UNDER REPORTED

Complaints logged via social media, calls, letters or emails to a federal, state or county elected official or agency are NOT added to LEx unless requested.

#### There is:

- No consolidated complaint tracking
- · No consolidated complaint reporting
- Therefore, total complaints are under reported.

LEx does have benefits as a trouble/complaint ticket communication vehicle for citizens to document and send requests to Staff and allow Staff to respond.

However, LEx may still be underutilized, has back-end reporting issues, and does not consolidate all complaint sources.

Therefore, Zoning Enforcement action does not equal the actual quantity of complaints.

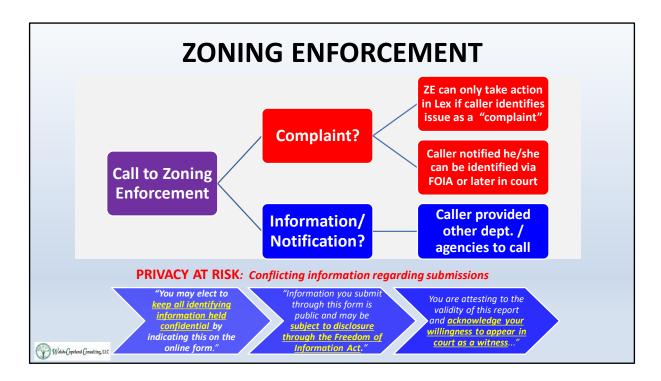

LEx trouble tickets also understate total volume as complaints submitted by multiple people on the same topic may/will be combined and closed out as "duplicate" tickets.

**McNamara fallacy** involves making a decision based solely on quantitative observations and ignoring all others. The reason given is often that these other observations (in this case, tickets not entered in Lex) cannot be proven.

#### Fallacy steps:

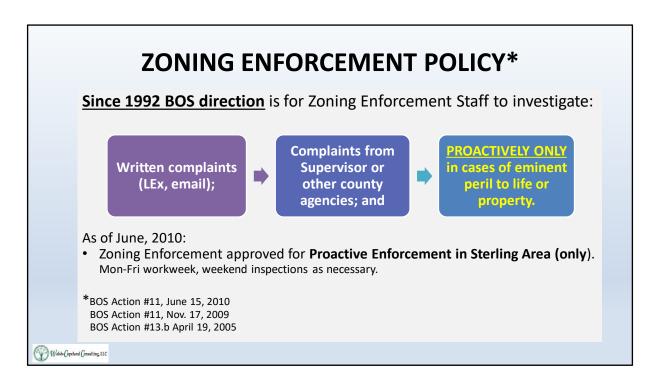

- -- Measure whatever can be easily measured.
- -- Disregard (do not count) what can't be easily measured
- -- Presume what can't be measured easily is not an important metric.
- -- Presume what can't be easily measured doesn't exist.

The Zoning Complaint procedure may be an obstacle for residents concerned about privacy or retaliation:

- 1. Residents who use LEx are also required to acknowledge <u>privacy</u> <u>limitations</u> when selecting online complaints/tickets to be private:
  - "You may elect to <u>keep all identifying information held confidential</u> by indicating this on the online form."
  - "Information you submit through this form is public and may be <u>subject to</u> <u>disclosure through the Freedom of Information Act."</u>
  - "You are attesting to the validity of this report and <u>acknowledge your</u> willingness to appear in court as a witness..."
- 2. Callers to Zoning Enforcement <u>must</u> identify their issue as a <u>COMPLAINT</u> for Zoning Enforcement to take action. (Callers who request "information" are provided numbers to other departments to call directly.)

WHY?

## **WHY** is Zoning Enforcement by Complaint ONLY?

Not well known is that since 1992 the Board of Supervisors has instituted and renewed the Policy of reactive vs. proactive enforcement.

## **BOS/County Policy Documents:**

2010 06-15-Item 11-Sterling proactiveEnforcement-finalPDF
 2009 11-17-Saturday Proactive Zoning Enforcement BMI
 2005 04-19-Item 13b-Proactive Zoning Enforcement within Rt 50

Zoning Enforcement <u>IS</u> doing the job they are legally allowed and have been directed to do by the Board of Supervisors.

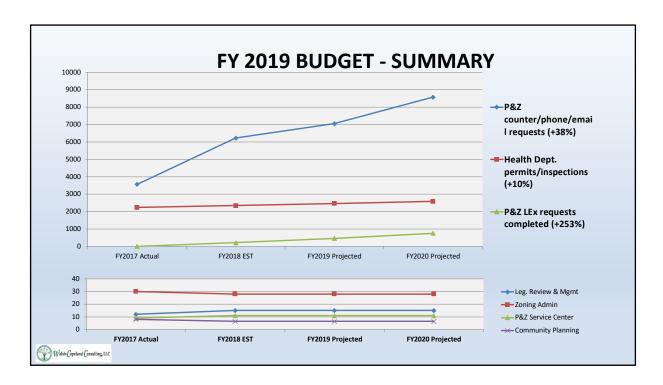

Zoning Enforcement Staff just cannot do their job <u>proactively</u> (except in Sterling).

## FY 2019 Budget REVIEW:

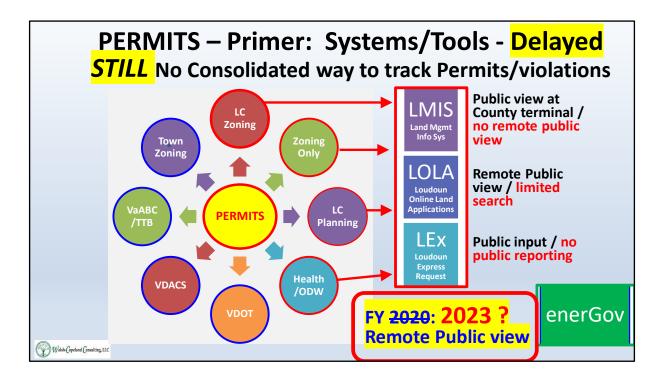

38% increase was forecasted in Planning & Zoning customer service counter/phone/email requests

253% increase forecasted in LEx requests (*Likely does not include all issues entered in LEx by residents*)

FY2019 Budget assumed Increasing use of LEx (14% inc. by residents per year)

But -- No FTE personnel change requested/forecasted in P&Z/Enforcement staff to work the issues.

## Other county information systems have constraints:

**LMIS: Land Management Information Systems** 

- Internal Staff system
- Two public terminals county building access only
- No public remove view/access

**LOLA: Loudoun Online Land Applications** 

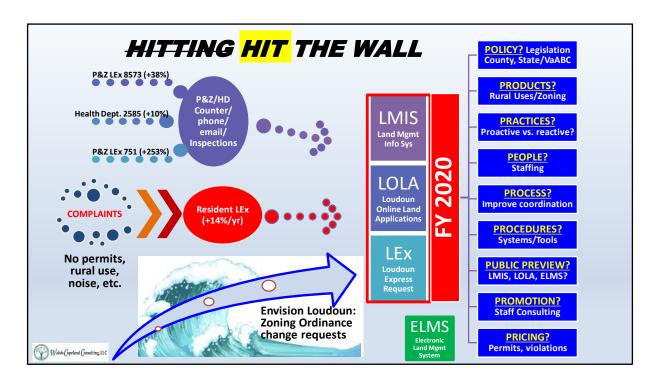

- Public remote access available
- Limited search capability (Application Name or Number only, not address, or parcel pin)

**LEx: Loudoun Express Request** 

- Public remote access available
- Primarily a ticket tracking/distribution system
- No back-end reporting capability (complaints categorized & tallied manually; transferred to excel spreadsheet)
- No public reporting
- Total quantity of complaints from LEx for FOIA not possible

Requirements for LMIS replacement [enerGOV] completed; implementation status unknown.

- Originally scheduled for 2020 release.
- Delayed release until 2023
- Remote public access functionality not confirmed.

CONCEPTUAL DIAGRAM originally presented in 2018 as a future. Updated in 2021 as current.

Actual volume of complaints has increased as evidenced by case study documentation and stakeholder input for Zoning Ordinance Rewrite Round 1 and 2 public input received.

The case study outlined the numerous factors impacting issues and enforcement by complaint:

- <u>POLICY</u>: Legislation at the County and State (Office of Drinking Water, Virginia ABC, Department of Agriculture, etc.)
- PRODUCTS: What uses are permitted by right, or by minor or full special exception.
- PRACTICES: Proactive versus reactive enforcement
- <u>PEOPLE</u>: Staff for Zoning Enforcement
- <u>PROCESS</u>: Amount of departmental coordination and visibility to complaints
- <u>PROCEDURES</u>: What systems or tools are available for Staff to resolve issues
- <u>PUBLIC PREVIEW</u>: What systems are available to the public; what are the reporting capabilities?
- <u>PROMOTION</u>: County focus on business needs that may not balance with residential quality of life
- <u>PRICING (or PENALITIES)</u>: Cost of permits, cost of violations, cost of civil court enforcement

	PERMITS & PROBLEMS	PROPOSALS
POLICY	Legislation (VaABC, State, County)	Definition of "farm" and crops for Ag or "farm" use
PRODUCTS	Rural uses, ag uses, residential area uses (SPA/TPA)	Continue review of Performance standards (Wait for ZOR?)
PRACTICES	BOS Policy of Proactive vs. reactive Allowing permits after the fact w/o repercussions	<ul> <li>Revise policies (BOS) / Proactive investigations</li> <li>Sustainable Community focus to balance residential, business and environmental perspectives.</li> </ul>
PEOPLE	County staffing (Zoning Enforcement & other Departments)	Justification for people increase? County budget impacts?
PROCESS	Improve visibility/ coordination across depts. Improve communication across organizations	<ul> <li>For: Applications, Permits, Inspections</li> <li>Planning/Zoning, Erosion/Sediment Cntrl, Health/ODW, VDOT (entrance/traffic), VaABC</li> </ul>
PROCEDURES	Systems/Tools – updates, new releases required for Staff AND citizen access.	Prepare procedures overview for public  LOLA: "Citizen Comments" "No Public Comments Available" is misleading.  LEX: User input options, Improve reporting (fields, sorting), public access vs FOIA
PUBLIC PREVIEW	LEx, LOLA – citizen ticket and information systems LMIS / ELMS (EnerGov) – Staff information systems	<ul> <li>Add new search criteria in LOLA (owner/ submitter name, property address, date sort)</li> <li>LMIS: REMOTE public access?</li> </ul>
PROMOTION	Promotion (DED "consulting")	Location education: Sustainable COMMUNITY vs. only economy. (Commission?)
PRICING	Permit costs, violation thresholds and timing	Raise violations \$

Summary of permit and other issues was presented to Senior County Staff in 2018.

Proposals and other mitigation proposals discussed during update meeting in 2021, submitted through the Zoning Ordinance Committee, and should be reinforced via Public Input Round 3 in 2022.

## **Planning and Zoning**

## **Department Programs**
